Ref: LEED Information

To Whom It May Concern:

The Fence Hardware manufactured by Hearne Steel Company is produced from recycled steel. The amount of recycled steel can vary depending upon the process of melting by various steel mills. Depending on what process is used approximately 30% to 90% is recycled steel. Of the 30% to 90% approximately 70% is post-consumer and 30% is post-industrial. Hearne Steel Company's manufacturing facility is located in Hearne, Texas.

If any additional information is needed, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "Rodney Amos", is written over a large, stylized flourish.

Rodney Amos
Vice President
Hearne Steel Company Inc.
